Dear Mr. Dulles:

This is in response to your letter of June 8, 1976 regarding the lost Smith and Wesson K-38 Combat Masterpiece pistol.

As you will recall, you reported in 1973 that a PK-38 pistol may have been left in your father's safe at his office. At that time, a thorough search was made, but we were unable to locate the pistol or anyone who had any knowledge of it. We have made a similar search for the K-38 Combat Masterpiece, also with negative results.

We are sorry that we could not be of help in this matter.

Sincerely,

Robert W. Gambino
Director of Security
